

1

## Download the CamScanner app on Your Mobile

Kindly download the CamScanner application and on your mobile.

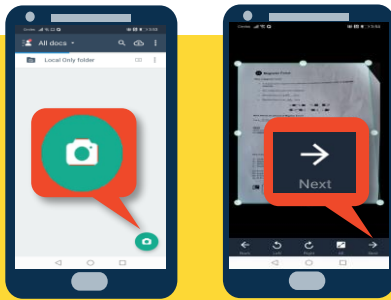

4

## Save as PDF to Your Phone

On the top right hand corner, click on the “**PDF**” logo, and click on “**Save to Local**”

2

## Launch CamScanner to Take Pictures of the Whole Worksheet

Click on the “**Camera**” button on the bottom right and take picture of the first page. **Adjust green marker** to include all parts of the paper and rotate the worksheet to its proper orientation. Click “**Next**”, choose filter as “**Original**” and click “**Save**”

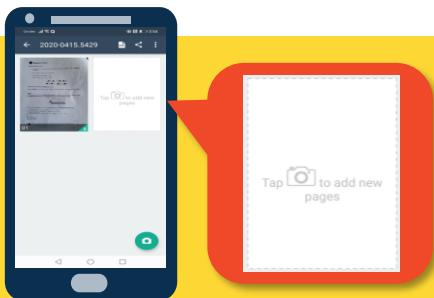

5

## Login to <https://online.agrader.sg> and Navigate to the [Tutorial] Course

Once you’ve logged into the AGrader Online Platform, click on your **[TUTORIAL]** course, under “**Homework Submissions – upload it here!**”, click on the **correct week**.

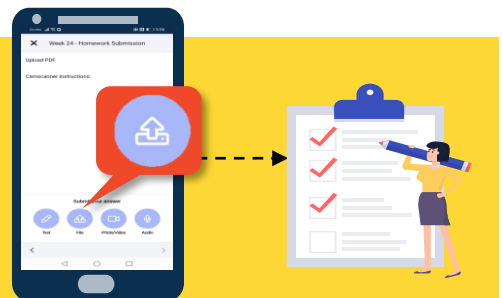

3

## Repeat Step 2 Until All Pages of the Worksheet Are Taken

Click on “**Tap Camera to add new pages**”, and **repeat Step 2** until all of the pages of the worksheet are taken.

6

## Upload your saved PDF file and Submit Your Worksheet For Marking!

Click on “**File**” upload and **attach your previously saved PDF homework** from your phone.

*Tip: Look into your CamScanner folder under your files.*
